But, as Wolterstorff contends, there are many who do not satisfy Rawls' account of reasonability, including those who think of politics not in terms of distributive justice but other categories such as preserving individual liberty, protecting small government, maximizing their own wealth, and so on. As so often in American crime writing of this era, the extent to which political corruption is simply taken for granted is hair-raising, and this time around comes accompanied by an almost shrugging acceptance that most of New York's police force is on the take and that, consequently, Carton is pretty much on his own in trying to clean up the graft.
